UNION OF ASSOCIATIONS OF MEDICAL LABORATORY AND SANITARY TECHNICIANS OF THE REPUBLIC OF MACEDONIA

ORGANIZED

41th OCTOBER MEETING

INTERNATIONAL AND PROFESSIONAL MEETING

GENERAL SPONSOR:

**PHO UNIVERSITY DEPARTMENT OF CLINICAL
BIOCHEMISTRY - SKOPJE**

Facilitator sponsors:

DR. PANOVSKI

FIRST ANNOUNCEMENT

October 03-06, 2013

Struga, hotel "Biser", Ohrid Lake

Republic of Macedonia

Dear Colleagues,

The 41th October Meeting, international and professional meeting of the medical laboratory technicians and technologist, organized by the Union of Associations of Medical Laboratory and Sanitary Technicians of the Republic of Macedonia, will take place near city Struga, in a hotel "Biser" (transl.Pearl), which is located on the hill of Ohrid Lake, Republic of Macedonia, at October 03-06, 2013.

The goal of this international meeting is to enable participants to share their experience and expertise in laboratory daily working, measurement and testing, develop fresh insights and meet colleagues from other countries, which will add a significant contribution for the scientific meaning of this Meeting.

This will be a great chance for presenting new achievements and developments in the fields of medical laboratory diagnostics, sanitary healthcare, ecology, social medicine and is therefore being designed to facilitate fruitful interactions between laboratory technicians and technologist, specialist, managers and scientists who carry out a quality health care system, managers from industry including medical laboratory systems, health policy makers and academicians, discuss and share many valuable experiences.

We are sure that such interaction will increase understanding between medical laboratory technicians, clinical chemists, microbiologists and others involved in the health and medical laboratory systems.

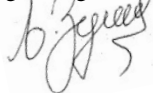

It's my pleasure and privilege to invite you to take part at this 41th International October Meeting by submitting abstracts dealing with any area of medical laboratory diagnostics, to be an active partner in a challenging endeavor and to contribute to its success.

We hope that You and Your colleagues will accept this invitation and first announcement, to participate at the 41th October Meeting, ensuring that this international and professional meeting will have a strong practical focus.

I look forward for your professional topics and to welcoming You and Your colleagues at October,

Respectfully on behalf of the Organizing Committee.

Ljupco Zdravevski
Chairman of USMLSTRM

ORGANIZING COMMITTEE

- Ljupco Zdravevski, Chairman
- Ivica Apostolov, Vice President
- Stela Kalabakova, Secretary
- Tatjana Dimkovska, Editorial and lectures board
- Zoran Chanovski, Poster and SA lecture hall
- Liljana Nikolovska, Control fee

MAIN TOPICS

- CLINICAL BIOCHEMISTRY
- MICROBIOLOGY
- HEMATOLOGY, TRANSFUSION
- PATHOLOGY, PHYSIOLOGY, HISTOLOGY
- PHARMACOLOGY
- ENDOCRINOLOGY, PATHOPHYSIOLOGY
- EPIDEMIOLOGY, TOXICOLOGY
- SOCIAL MEDICINE
- ENVIRONMENTAL

FIELDS (panel discussion)

- Medical
- Environmental quality
- Method education transfer (laboratory technology transfer), ethical problems in laboratory
- Conformity assessment and laboratory uncertainty, how to estimate it and relate to it
- Traceability and control in medical laboratories results
- Issues raised between differences in calibrations at laboratories
- Effect quality of laboratory results on the decision of control quality making process
- Accreditation of measurement and calibration of laboratories
- Interlaboratory comparisons, installing software for laboratory information system (LIS).
